Impact of Covid-19 on Tourism in Kenya: Measures Taken and Recovery Pathways

National Tourism Risk and Crisis Management Committee

June, 2020
There has been an extraordinary growth, and safari/drive guides. of tourism recorded in 2020 in the world (1.5 billion), Africa (71.2 million) and Kenya (2.05 million).

The Covid-19 emerges as one of the greatest challenges facing the world today and threatening the achievements made in the travel and tourism industry.

Among other sectors, the tourism industry is the hardest hit by Covid-19 pandemic globally, Kenya not an exception.

This called for a research commissioned by the Ministry of Tourism and Wildlife of Kenya to investigate the impact of Covid-19 on Tourism: measures taken and recovery pathways.

The study collected data from 10 CEOs of Tourism State Corporations, 11 CEOs’ of Tourism Associations, 47 officers of County Executive Committees (CECs) and 360 key tourism stakeholders (from the accommodation sector, attractions, destination management organizations, exhibition centers, travel agents, tour operators, event organizers, restaurateurs, and airline operators.
